ARTICLE II **MANAGEMENT RIGHTS**

Section 2.1

Except as expressly abridged by any provision of this Agreement, the Company reserves and retains exclusively all its normal and inherent rights with respect to the management of the business, whether exercised or not, including but not limited to its rights to determine, and from time to time, redetermine the number, location and types of its plants and operations, and the methods, processes and materials to be employed; to discontinue conduct of its business or operations in whole or in part; to select and direct the working forces in accordance with the requirements determined by management; to create, modify or discontinue job classifications; to establish and change work schedules and assignments; to transfer or promote employees, or to layoff, terminate or otherwise relieve employees from duty for lack of work or other legitimate reason; to make and enforce reasonable rules for the maintenance of discipline; to suspend, discharge or otherwise discipline employees for cause, and otherwise to take such measures as management may determine to be necessary to the orderly, efficient and economical operation of the business.

ARTICLE III **TECHNICIANS**

Section 3.1

The term "Technicians" as used in this Agreement shall mean such persons employed in the classifications as defined in Article VI, Section 6.3, of Sunbeam Television Corporation at its station WSVN, whose primary duties shall be, but not limited to the following: the duties of Stage Manager, the construction, installation, repair, maintenance, operation (either routine or occasional) of any transmitting or receiving device, control handling of studio cameras, microphones, studio lighting, stage sets and design thereof; and other devices or equipment

Section 3.2

Employees who currently hold general radio and telephone licenses issued by the Federal Communications Commission, and newly employed employees, may be required to maintain and/or obtain such licenses as a condition of employment.

Section 3.3

The words "repair" or "maintenance" as used above do not include specialized work performed on contract or occasional basis by service organizations, manufacturers or consultants that may be employed by the Company. Section 3.4

The term "Technician" applies only to those persons working as general duty staff Technicians for the Company at the transmitting stations and/or studios of WSVN, or such other place or places as they may be assigned, and who perform these duties under the direction of the Chief Engineer, his assistants or supervisors.

Section 3.5

It is recognized and accepted that the Chief Engineer, Assistant Chief Engineer, and appointed Supervisors, are qualified and may perform any or all of the duties of Technicians should conditions arise requiring special skill or emergency replacement of an employee. It is also understood and agreed that the Chief Engineer and Assistant Chief Engineer may utilize qualified non-bargaining unit employees to occasionally maintain and operate equipment.

Section 3.6

Nothing in this Section is to be taken as preventing performers on camera or microphone from operating any equipment device or thing, electrical, electronic or mechanical, when such operation is part of the video, including audio, or audio portion of a program.

Section 3.7

No employee shall be required to furnish equipment or supplies.

Section 3.8

Section 10.1

Five (5) consecutive work days of eight (8) consecutive hours each for a total of forty (40) hours shall constitute a regular work week. For example, where an employee stays at a hotel, the work day shall commence at the time the employee is directed to be ready to leave for work that day, and shall end when work is concluded, and shall include travel time returning to the hotel. While an assignment requiring the employee to be away overnight, the employee will be credited with not less than eight (8) hours for each day he/she is away on assignment.

Nevertheless, an employee who is attending a school, seminar or training course shall be deemed to be "on duty" for insurance purposes from the time the employee leaves home until the time he returns thereto.

Section 10.6

A schedule of work assignments shall be prepared and posted one week in advance. Such schedule shall show time in and time out. If any changes are required, the employee who is affected shall be notified at least twenty-four (24) hours in advance, except in cases of emergency. This provision shall not apply in cases of rotation of tour of duty, or where the Company arranges days off to be consecutive with vacation, or where an employee has attended an out-of-town educational or training program, or in the event of emergencies or other extraordinary

program requirements. If the time between shifts is less than fifty-four (54) hours, overtime at the rate of time and one-half (1 Y2) the straight-time rate shall be paid until fifty-four (54) hours have elapsed since the end of the last shift.
